INFRINGEMENT REPORT

SUBJECT PATENT: **US10696212B2**

PRIORITY DATE: **JANUARY 02, 2018**

INFRINGING ENTITY NAME: **FORD**

CHART STRENGTH: **HIGH**

PATENT TECHNOLOGY: **VEHICLE ANTI-THEFT ALERTS**

PRODUCT NAME: **FORD PASS APP WITH THEFT PROTECTION ALERTS**

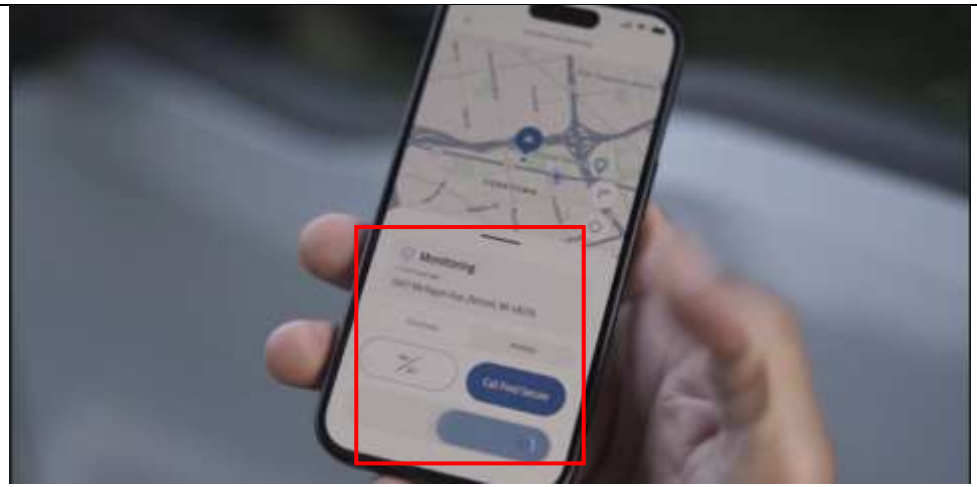

FORD REVENUE: **$185 BILLION (SOURCE)**

PRODUCT RELEASE DATE: **2024 (SOURCE 1, SOURCE 2)**

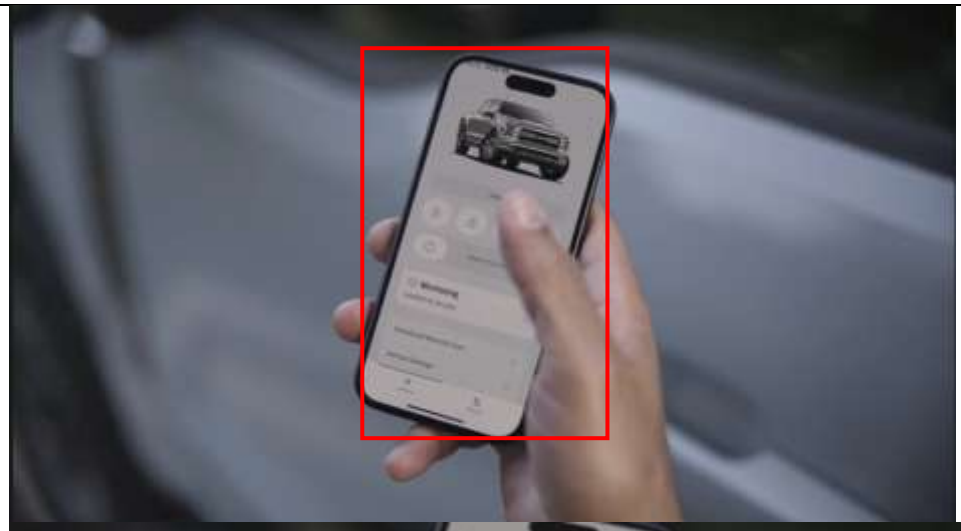

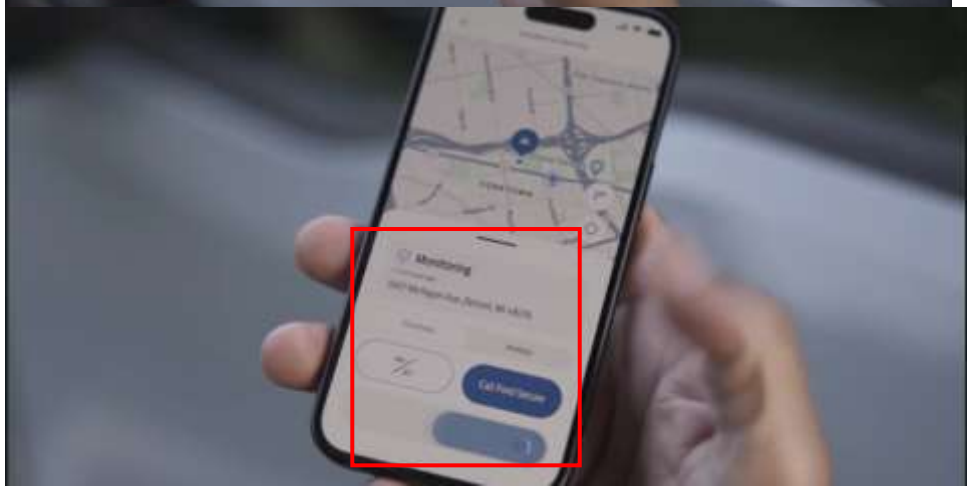

Privileged and Highly Confidential

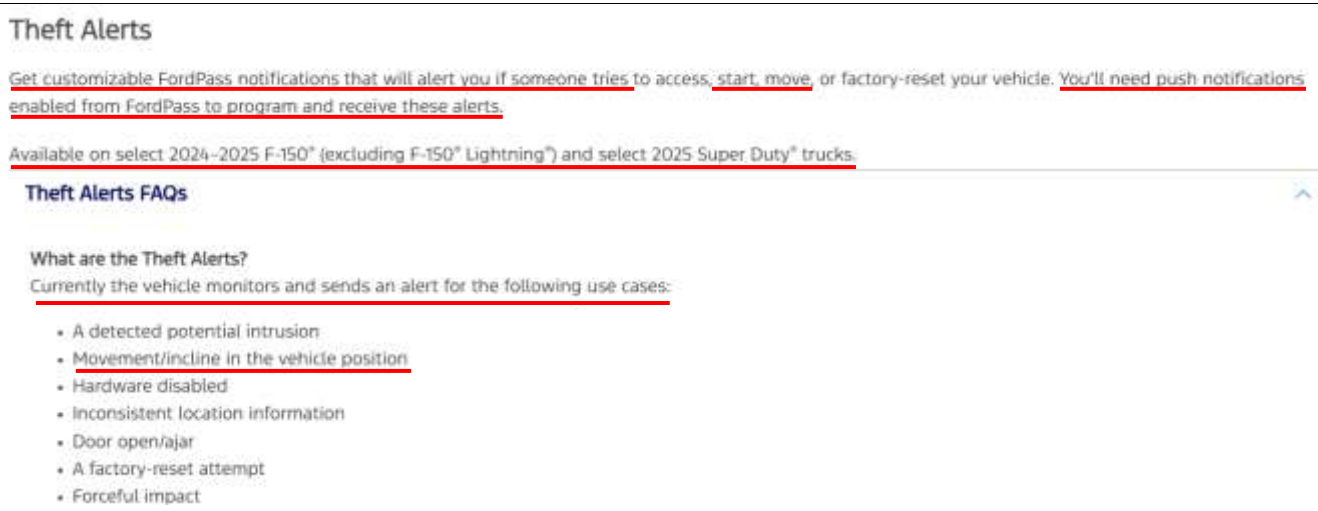

US10696212B2	Specification Support	Ford Pass App with Theft Protection Alerts
9. *A method for monitoring a vehicle status, comprising the steps of:*	**The motor (or vehicle) can be a Car** *(Col.9, Ln.50-63) "On successful account creation, the user is then presented with the prompt to Add a Motor 116.* ***Adding a motor is the process of selecting a vehicle to add to their Garage of owned vehicles or to add vehicles they are interested in. They do this by first selecting the motor type 117*** *(Motorcycle,* ***All Terrain Vehicles, Sports Cars****, etc.), then the make and model. Once a user is finished adding a motor, they will be prompted to either add another motor or to skip and move into the rest of the app. If the user chooses to add another motor 118, they will repeat this process. If they choose to skip, their local token will be validated. If successful they will log into the app starting at the Tech Dashboard 113 with the ability to press on a menu*	*A method for monitoring a vehicle status (e.g., theft of the Ford vehicle).* *Ford offers the Ford Pass app that includes a theft protection alert feature as a part of its Stolen Vehicle Service. This feature monitors for movement of the vehicle by utilizing multiple vehicle sensors. It reports any suspicious activity and alerts the user about the vehicle's status in real time.* Ford Security Package Gain Some Peace of Mind on Select Ford F-Series Trucks Help protect one of your most valuable investments with the available Ford Security Package. Get Theft Protection Alerts if your truck is tampered with or remotely disable your select 2024 or 2025 F-150® truck or Super Duty® truck via FordPass® App* so it can't be started, even if someone has an authorized key nearby. Take advantage of Stolen Vehicle Services** — a dedicated 800 number with live agents who will work directly with law enforcement to help track and recover your truck if it's stolen. One year trial included from new warranty start date. Theft Protection Alerts Get FordPass® App notifications to alert you if someone tries to access, start, move, or factory-reset your truck. You will need to have push notifications enabled to receive these alerts. For select 2024 F-150® trucks, Theft Protection Alerts are included as part of the Stolen Vehicle Services feature. Stolen Vehicle Services FAQs How does Stolen Vehicle Services work? Stolen Vehicle Services uses various sensors and systems on your vehicle to monitor and report activity on your vehicle. The service will notify you of unusual or unexpected activity through the FordPass® App. What happens in the event of a theft? In the event of theft, you can use the FordPass® App to confirm the theft. This service then uses your vehicle's cellular data connection and the ability to receive Global Positioning Satellite (GPS) data to track your vehicle. (Tracking can be affected by the loss of these signals, the coverage in your area, or the vehicle's surroundings.)
