1. A protective headgear comprising: a headband configured to fit around a head of a person, the headband having a plurality of pouches attached to an outer surface of the headband; and	*(Col.3, Ln.4-24)* ***Pouches 15 and/or inserts 10 may be emblazoned with team logos, advertising, or other graphics or text. Pouches 15 may be permanently attached to the outer or inner surface of the headband 5 (e.g., by sewing), such that there are designated areas for receiving the inserts 10***. *Pouches 15 may alternatively be attached by VELCRO, tape, light glue, or other suitable means to allow for quick maintenance, replacement, repair, and even alternating use of graphics for various occasions. Likewise, in embodiments without pouches 15, the surfaces of the inserts 10 to be attached to the headband 5 may be VELCRO, tape, light glue, or other suitable means, for quick and easy attachment/removal. For example, if the outer surface of the headband 5 is primarily VELCRO, pouches 15 with mating VELCRO backings (or inserts 10 with such backings) may*	*A protective headgear (i.e., 2nd Skull Pro Band) comprising a headband configured to fit around a head of a person, the headband having a plurality of pouches attached to an outer surface of the headband.* *2nd Skull Pro Band can be worn around the head of a person.
